

Draft Agenda – Open FiBL Day

27 May 2021

Whether you are ready to dive in a full day of organic agriculture and beyond or just want to join some chosen sessions – [register now online](https://www.fibl.org/en/organic-agriculture/organic-agriculture-and-beyond/open-fibl-day). You can put together your very personal schedule of your favourite sessions. Certainly, you may still choose and adapt your personal schedule spontaneously on the day of the event. For more information and updates of the agenda, please visit: openday.fibl.org

Sessions are organized along the following thematic areas:

Agri-food policy developments and perspectives	Soil fertility and plant production
Animal husbandry	Integrity of organic production & regulatory requirements
Sustainability & biodiversity	Organic food, processing & nutrition
Capacity building & dissemination	

Translation to English will be provided for German, French or Hungarian sessions.

08.30-09.00

Opening Session – A journey through the FiBL Group

09.00-10.00 – parallel Sessions

- 1 **FiBL data on organic agriculture and Voluntary Sustainability Standards (EN)**
Helga Willer, Bernhard Schlatter, Claudia Meier
- 2 **Herausforderung Bioackerbau // Challenges of organic arable farming (DE/EN)**
Hansueli Dierauer, Tobias Gelencsér, David Vetterli, Matthias Klais
- 3 **Nachhaltige Kontrolle von Wurmparasiten bei Wiederkäuern // Sustainable control of worm parasites in ruminants (DE/EN)**
Veronika Maurer, Steffen Werne, Felix Heckendorn
- 4 **“In 60 Min around the world” - Learn about FiBL’s projects & people working on Policy & Sector development (EN)**
Tobias Eisenring, Benjamin Gräub, Irene Kadzere, Gian Nicolay

10.00-11.00 – parallel Sessions

- 5 **New Organic Regulation: an opportunity to foster organic seed and breeding in Europe** // Új ökológiai rendelet: lehetőség az ökológiai vetőmag-előállítás és nemesítés előmozdítására Európában (EN/HU)
Mariateresa Lazzaro, Freya Schäfer, Judit Fehér, Monika Messmer
- 6 **Nährstoffkreisläufe schliessen** // Closing nutrient cycles (DE/EN)
Else Bünemann, Norah Efosa, Hanna Frick, Michael Friedli, Clemence Boutry, Patricia Schwitter, Timo Stadlander, Jacques Fuchs
- 7 **Zucht und Aufzucht beim Bio-Milchvieh - von passenden Stieren und kuhgebundener Kälberaufzucht** // Breeding and rearing in organic dairy cattle - from suitable bulls and mother-bound calf rearing (DE/EN)
Anet Spengler, Anna Bieber, Rennie Eppenstein, Claudia Schneider
- 8 **Initiatives for improving the sustainability of agricultural production – examples from Europe and Africa** (EN)
Harun Cicek, Markus Steffens, Christian Grovermann, Markus Renner

11.00-12.00 – parallel Sessions

- 9 **Databases for checking the availability of organic animals and seeds** (EN)
Xenia Gatzert, Babette Reusch, Freya Schäfer
- 10 **Fenntartható sokféleség - Fajtaválasztás és tájfajták** // Sustainable diversity - Variety selection and landraces (HU/EN)
Szilvia Bencze, Éva Borbélyné Hunyadi, Mihály Földi, Orsolya Papp
- 11 **Parasitendiagnostik und Parasitenüberwachungsprogramme** // Parasite diagnostics and parasite monitoring programs (DE/FR/EN)
Felix Heckendorn, Erika Perler, Andrea Steiner, Veronika Maurer, Michel Bouy, Steffen Werne
- 12 **Europa – Länder – Regionen: Agrarpolitik für eine zukunftsfähige Ernährungswirtschaft** // Europe - Countries - Regions: Agricultural policy for a sustainable agri-food system (DE/EN)
Heidrun Moschitz, Susanne Kummer, Elisabeth Klingbacher, Kerstin Spory

12.00-13.00 – parallel Sessions

- 13 **(Un-)authorized inputs in organic production – assessment of inputs and residues** (EN/DE)
Pia Pedross, Marlene Milan, Jana Furtwengler
- 14 **Animal grazing in orchards - examples from laying hens & sheep** (DE/FR/EN)
Reinhard Geßl, Martin Trouillard

- 15 **Innovative, regionale Wertschöpfungsketten: Aus der Praxis berichtet // Innovative, regional value chains: Reporting from the practice (DE/EN)**

Nicole Nefzger, Tanja Strobel-Unbehaun

- 16 **Boosting agroecology through EU's policy making // Az agroökológia fellendítése az EU szakpolitikáin keresztül (EN/HU)**

Korinna Varga, Miguel de Porras, Heather Mckhann, Barna Kovács

13.00-14.00 – parallel Sessions

- 17 **Watermark project - Authentication of the regional origin of foodstuff with isotope analysis (EN)**

Xenia Gatzert

- 18 **Plant health and protection: Integrated approaches to combat new or emerging plant diseases (EN)**

Hans-Jakob Schärer, Barbara Thürig, Laurène Fito

- 19 **Quantitative modelling: key aspects of models, what can models deliver, where are their limits? (EN)**

Adrian Müller, Christian Schader, Anita Frehner, Catherine Pfeifer, Simon Moakes, Anja Heidenreich, Michael Thompson, Sibylle Stöckli

- 20 **Innovatív technológiák az ökológiai gazdálkodásban - kertészeti és húsmarha tartási példákon keresztül, Magyarországon // Innovative technologies for organic production – examples from horticulture and cattle grazing in Hungary (HU/EN)**

Gábor Pajor, Katalin Allacherné Szépkuthy

- 21 **Organic agriculture – a realistic pathway for the Global South? (EN)**

Beate Huber, David Bautze, Noah Adamtey, Irene Kadzere, Amritbir Riar, Monika Schneider

14.00-15.00 – parallel Sessions

- 22 **Big and geographical data analysis for organic agriculture (EN)**

Catherine Pfeifer, Maïke Krauss, Sibylle Stöckli, Amritbir Riar, Gábor Pajor, Florian Hediger, Lou Lescuyer

- 23 **Microbiome research at FiBL (EN)**

Natacha Bodenhausen, Pierre Hohmann, Barbara Thürig, Thomas Oberhänsli

- 24 **Assessing the impact of policy interventions in organic farming: Evidence from studies on organic seed, dairy farming and horticulture (EN)**

Christian Grovermann, Sylvain Quiédeville, Johan Blockeel, Eva Winter

- 25 **Was ist Biodiversität – wieso ist sie wichtig und wie können wir sie fördern? Wildbienen im Fokus // What is biodiversity - why is it important and how can we enhance it? Wild bees in the spotlight (DE/EN)**

Thomas Drapela, Peter Meindl, Sabrina Gurten, Véronique Chevillat, Fabian Cahenzli

- 26 **Traditional and alternative protein sources for animal and human nutrition**

Timo Stadlander, Florian Leiber, Christoph Sandrock, Christine Arncken, Matthias Klaiss

15.00-16.00 – parallel Sessions

- 27 **Praxis-Netzwerke für mehr Wissen // Practice networks for more knowledge (DE/EN)**

Christian Lambertz, Kerstin Spory, Julia Meier, Hella Hansen (Moderation)

- 28 **Ökológiai szőlőtermesztés Magyarországon // Organic vine cultivation in Hungary (HU/EN)**

Bence Trugly, Tamás Miglécz

- 29 **The journey of cocoa from the agroforestry system to chocolate – FiBL's contribution to sustainable cocoa production (EN)**

Monika Schneider, Johanna Rüegg, Laura Armengot, Barbora Tumova

- 30 **Plant based diets and organic agriculture as keys for solving climate and multiple crises (EN)**

Martin Schlatzer

- 31 **An organic plant breeding tour from Switzerland to India (EN)**

Seraina Vonzun, Christine Arncken, Amritbir Riar

16.00-17.00 – parallel Sessions

- 32 **Kompetenzentwicklung für den deutschen Öko-Sektor // Capacity-building for the organic sector in Germany (DE/EN)**

Vera Bruder, Ann-Sofie Henryson, Johannes Augustin, Simone Windhagen, Elsa Gerhard, Boris Liebl, Gundula Jahn

- 33 **Organic fruit and berry production in Switzerland and organic market gardening in Austria (EN)**

Michael Friedli, Benjamin Waltner

- 34 **Transparenz und Nachhaltigkeit regionaler bis globaler Wertschöpfungsketten: „We-Care-Standard“ und das „Regio20+ Modell“ // Transparency and sustainability of regional to global value chains (DE/EN)**

Alexander Dietl, Sonja Siegl, Isabella Gusenbauer, Susanne Kummer, Axel Wirz

35 **Diets, nutrition and health in organic agriculture (EN)**

Irene Kadzere, Claudia Meier, Amritbir Riar, Bernadette Oehen, Anita Frehner, Christian Schader

17.00-18.00 – parallel Sessions

36 **Öko-Feldtage: Treffpunkt der ökologischen Landwirtschaft // Organic Field Days: Meeting place for organic farming (DE/EN)**

Hella Hansen, Leslie Risch, Andreas Gättinger

37 **Biologische Lebensmittelverarbeitung – geeignete Methoden und Erwartungen der Konsument*innen // Organic food processing – suitable methods and consumer expectations (DE/EN)**

Hanna Stolz, Ursula Kretzschmar, Claudia Meier

38 **Climate change in the context of soil fertility, agrobiodiversity & animal welfare (EN)**

Sibylle Stöckli, Markus Steffens, Hans-Martin Krause, Adrian Müller, Joanna Rüegg

39 **Conservation Agriculture and the importance of understanding mental barriers (EN)**

Elsa Gerhard, Harun Cicek, Johannes Augustin

18.00-19.00 – parallel Sessions

40 **Successful dissemination in multi-national research projects (EN)**

Laura Kemper, Lauren Dietemann, Thomas Alföldi, Helga Willer

41 **Alternativen im Pflanzenschutz // Alternatives in plant protection (DE/EN)**

Hans-Jakob Schärer, Barbara Thürig, Claudia Daniel, Fabian Cahenzli

42 **Assessing and improving farm sustainability with the SMART-Farm Tool**

Michael Curran, Jan Landert, Lina Tennhardt and Moritz Egger

43 **Einblicke in unsere Gemüsebau Feldversuche // Insights into our vegetable field trials (DE/EN)**

Joelle Herforth-Rahmé, Patricia Schwitter

19.00-20.00

Panel Discussion: Organic agriculture and beyond – FiBL's role to strengthen the transition to a sustainable agri-food system

Beate Huber (moderation), Ika Darnhofer (BOKU), Paola Migliorini (UNISG, Agroecology Europe), Dora Drexler (ÖMKi), FiBL expert (tbc)
